 AGENDA ITEM**

SUBJECT: **DISCUSSION/ACTION: INSTALLATION OF NEW STREET LIGHTS**
 1. APPROVE INSTALLATION OF STREET LIGHTS AT TWO LOCATIONS

DEPARTMENT INVOLVED: Planning Department

BACKGROUND/SUMMARY:

Mr. Mark Gaddis previously appeared before the City Council during public appearance to request the installation of a light on his property that would illuminate "F" Street because there are currently no street lights at that location. He stated that he would be willing to pay for the monthly cost of electricity and Council approved the installation. Since then, IID contacted the City and stated that they cannot install that light unless it is in the street right-of-way and that the City would pay the monthly electricity costs. There would be no charge for the installation of a street light on a wooden pole. Monthly costs are estimated to be approximately \$10 per month.

Ricochet Trampoline Park at 450 West Aten Road is also requesting a street light be installed in front of their business because of the lack of street lights making the area dark at night. Likewise, the IID would install the street lights on wooden poles at no charge to the City, except that transformers would have to be installed on existing IID poles to provide power to the street lights. Cost of transformers is estimated to be \$4,000.00. Monthly costs of electricity are estimated to be \$20-\$30 per month depending on the number of street lights.

FISCAL IMPACT: \$4,000 initially, plus \$40 per month in electricity F.O. INITIALS: _____

STAFF RECOMMENDATION:

Staff recommends the installation of street lights.

MANAGER'S RECOMMENDATION:
