To: City of Imperial Planning Commission

From: Othon Mora, Community Development Director

- **Date:** September 7, 2023
- Subject: Conditional Use Permit 23-05 Kevin Williams 542 Buffalo Grass Ct. Imperial, CA. 92251

Applicant:	Kevin Williams
<b>Project Location:</b>	542 Buffalo Grass Ct. Imperial, CA
Project Description:	Conditional Use Permit 23-05 to allow a 16'2" accessory structure
Zoning:	RA Residential Apartment
General Plan:	Residential High Density
Environmental:	Categorically Exempt
Recommendation:	Approve, Subject to Conditions

## **Background**

Applicant and property owner, Kevin Williams, is proposing to install a sixteen-foot, two-inch pre-manufactured storage shed within his property located at 542 Buffalo Grass Court. The submitted plans detail a sixteen-foot, two-foot structure that is intended to be used for automobile storage. The sixteen-foot, two-inch structure's height deviates from the twelve foot maximum allowable height within a Residential Zone. A Conditional Use Permit may be issued for accessory structures higher than twelve feet within Residential Zones. Other than the accessory structure's height, the proposed accessory structure's site plan meets all of the property development standards outlined in Imperial's Zoning Ordinance. The Development Review Committee discussed the project, submitted comments and determined there were no issues with the construction of the accessory structure.

#### **Proposed Project Site**

## **Discussion/Analysis**

The subject site is zoned within a Residential Apartments (RA) Zone, however there are no apartment complexes in the vicinity, only single-family residences making it a non-conforming use. The surrounding land uses and zoning of the project site are General Industrial (I-1) to the North, and Residential Single-Family Zones to the East, South and West.

#### **Environmental Compliance**

The project is categorically exempt from the California Environmental Quality Act (CEQA) under Section 15301 of the Guidelines.

#### <u>Evaluation</u>

The Zoning Ordinance provides flexibility in the regulation of uses to ensure that unusual characteristics of certain uses are properly addressed in furtherance of the Imperial Zoning Ordinance. Section 24.19.340 of the City of Imperial Zoning Ordinance requires that the Commission make specific findings be made when reviewing a Conditional Use Permit. The required findings are listed below in *bold italics*, followed by an evaluation:

1. That the proposed location, size, design, and operating characteristics of the proposed use is in accord with the Title and Purpose of this Ordinance, the purpose of the zone in which the site is located, the Imperial General Plan, and the development policies and standard of the City.

The subject site is located within the Residential Apartment Zone, which is intended as an area for the development of residential apartments with provisions for adequate light, air, open space and landscape areas at a maximum density of 30 units per net acre. Additional uses are permitted that are complementary to, and can exist in harmony with a residential apartment development.

2. That the location, size, design, and operating characteristics of the proposed use will be compatible with and will not adversely affect or be materially detrimental to adjacent uses, residents, buildings, structures, or natural resources with consideration given to those items listed in Section 24.19.340.B of the Imperial Zoning Ordinance.

The applicant's property is located on a parcel with sufficient space for the installation of the 1,200 square foot pre-manufacture accessory structure. The structure will not be a detriment nor adversely affects his residence, nor adjacent uses. The applicant has agreed to make the structure compatible with the neighborhood's architecture by painting the structure in the same color scheme as his and the neighboring homes

3. That the proposed location, size, design, and operating characteristics of the proposed use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.

With the Conditions of Approval put in place, the proposed project will not be detrimental to the public health, safety or welfare of those within the vicinity of the project site. The applicant has submitted his structural plans to the City of Imperial's Building Division to ensure his project is structurally safe and abides by the California Building Codes adopted by the City

4. That the proposed Conditional Use will comply with each of the applicable provisions of the Zoning Ordinance, except for any approved Variance.

The proposed structure complies with all provisions of the Zoning Ordinance.

#### **Public Notification**

The public hearing scheduled for September 13, 2023 was duly noticed in the Holtville Tribune and Calexico Chronicle, newspapers of general circulation, on August 30, 2023. A Notice of Public Hearing was mailed to all property owners within 300-feet of the property. No concerns or objections were received.

#### **Recommendation**

Staff recommends the Planning Commission conduct a public hearing to receive comments for and against the project. Unless sufficient evidence to the contrary is presented at the public hearing, Staff <u>recommends</u> that the Planning Commission approve Conditional Use Permit 23-05 to allow for the installation of an sixteen-foot, two inch pre-manufactured accessory structure at 542 Buffalo Grass Court.
