**IMPERIAL CITY COUNCIL
 AGENDA ITEM**

SUBJECT: DISCUSSION/ACTION: CONVERSION OF VAN CHASSIS FOR THE HOUSING AND OPERATION OF CAMERA SYSTEM (CCTV) FOR THE VIDEO AND RECORDING OF SEWER AND STORM WATER COLLECTION SYSTEMS.													
<p align="center">1. APPROVAL OF QUOTE FORM HAAKER EQUIPMENT COMPANY IN THE AMOUNT OF \$24,948.00.</p>													
DEPARTMENT INVOLVED: Public Services													
BACKGROUND/SUMMARY: <p>The City purchased a used moving van for the purpose of conversion to CCTV unit. Haaker Equipment Company provided a quote to perform the work to outfit the van to house the equipment. This unit will be used to video and record sewer and storm water collection systems throughout the city. Staff requested Haaker Equipment Co. to build the conversion as they are the supplier of the equipment currently owned and used by the City. Haaker Equipment Co. will guarantee the warranty is still in place on said equipment. Project is included in the current fiscal year CIP project list budget.</p>													
FISCAL IMPACT: \$24,948.00													
STAFF RECOMMENDATION: Approve quote from Haaker Equipment Company to build the unit to house the CCTV equipment.													
MANAGER'S RECOMMENDATION:	MANAGER'S INITIALS <u>MDB</u>

Re: CCTV Truck Build

Dear Jackie and Eddie:

I am pleased to submit the following proposal, for the build out of your City of Imperial supplied chassis, as follows:

Operator Studio:

Area includes solid bulkhead wall with oversized sliding window and pass-through door, Formica desk contoured to walls (with wall outlets above and below), floor-to-ceiling storage cabinet, bench seat, overhead LED lighting, LCD monitor and operator chair. Walls are gray FRP over plywood; ceiling is carpeted; floor is black treaded rubber. Light and 12-volt switches are mounted over desk on the bulkhead wall. Including roof mounted AC unit with heat strip, under desk (2) drawer file cabinet, insulated walls, and rack cabinet for computer or CCU.

Equipment Bay:

Area includes enclosed generator compartment with access for maintenance (if using generator), butcher block work surfaces, built-in heavy-duty storage/tool chest, and slide-out crawler tray under cable reel, rear-facing LCD monitor and tie-off clamp on bumper. Full-height storage cabinet sits behind the crawler drawer. Wash-down system has on-demand pump, lighted switch, 10-gallon tank with exterior fill, and 25' retractable hose reel. Ceiling LED light illuminates the area. Walls, ceiling and generator compartment are covered with gray FRP over plywood. Floor is covered with treaded black rubber. Including 12 volt spotlight, QuickView storage, Verisight Pro storage bracket, and sink.

HAAKER

EQUIPMENT COMPANY

SINCE 1972

Power:

No generator will be supplied. The City of Imperial will supply their own generator.

Miscellaneous:

Amenities include hand sanitizer, waterless soap, paper towels, rubber gloves, first-aid kit, fire extinguisher, Rain-X, 409 surface cleaner, dry-erase board, safety package, and traffic cones. Including back up alarm and back up camera. Including roof mounted rear arrow board, (2) corner LED Strobes, and front roof mounted LED strobe.

Special Note:

Due to the nature of this build, we may have to alter some of the fit and finish to accommodate all of the components included in build.

Build Out Price is \$23,100.00

Sales Taxes figured at 8% \$1848.00

Grand Total..... \$24,948.00

Thank you for the opportunity.

Sincerely,

Chuy Vallejo
