# I. Overview

The City of Imperial is requesting proposals for an on-call firm to provide Building division plan review and inspection services on an as needed basis. Services include plan review of structural, architectural, MEP, and inspection of construction trades to ensure conformance with the California Building Codes.

The city will select one or more firms, based demonstrated competence and a cost-effective approach to performing the plan review and inspection services.

# II. Building Services

The City of Imperial currently has a full-service Building division. However, from time to time due to the extraordinary workloads or temporary staffing needs the City utilizes qualified firms to perform Building and division duties on behalf of the City. The consultant(s) selected will be required to analyze a diverse range of plans and calculations of proposed construction for buildings of all types of construction. The consultant selected shall have a thorough knowledge of most current engineering practices, building codes, referenced standards, and adopted amendments.

# III. Scope of Services Required

The City of Imperial is seeking the services of a highly qualified consulting firm to provide the following on call services to supplement the City's existing Building a division, the work may involve a complete plan review and inspection services of all of the engineering and building trades involved in the permit or the City may request that only one of the trades.

- Plan review of complex structural, architectural, grading, energy, electrical, mechanical, plumbing plans and specifications submitted as part of a building permit and/or off-site encroachment application to confirm compliance with applicable California building codes and adopted amendments by the City of Imperial. Work shall include review of plans and specifications, drafting of written corrections and redlining of plans, communicating both orally and in writing to the applicant and providing code interpretation.
- Building construction and offsite inspection services to ensure construction conforms to the approved plans and the California building codes as amended by the City of Imperial. Work shall include providing written documentation of inspections

performed, issuance of stop work notices, and issuance of correction notices. The selected consultant(s) must be able to provide inspection services within 24-hour notice.

- Perform occupancy inspections to ensure that minimum life safety requirements for existing buildings are being met.
- In the event of a catastrophe or emergency event provide plan review and inspection teams to assist the City with building safety assessment emergency inspections.
